

INSTITUTIONAL DISCLOSURES UNDER THE HIGHER EDUCATION ACT OF 1965, AS AMENDED BY THE HIGHER EDUCATION OPPORTUNITY ACT OF 2008

The Higher Education Act of 1965 (HEA), as amended by the Higher Education Opportunity Act of 2008 (HEOA), includes many disclosure and reporting requirements. A disclosure requirement is information that an institution of higher education is required to distribute or make available to another party, such as students or employees. A reporting requirement is information submitted to the U.S. Department of Education or other governmental agencies. Disclosure and reporting requirements sometimes overlap. For certain topics, institutions are required to make information available to students or others and to submit information to the Department of Education.
